

Short & Sweet: Shadow of His Wings

*Be Merciful to me, O God, be merciful to me!
For my soul trusts in You;
And in the shadow of Your wings I will make my refuge,
Until these calamities have passed by.
I cry out to God Most High,
to God who fulfills his purpose for me.
He will send from heaven and save me;
he will put to shame him who tramples on me. Selah
God will send out his steadfast love and his faithfulness!
Psalm 57:1-3*

David wrote this Psalm while he was fleeing from King Saul. Where did David take refuge? In the shadow of God's wings. It is very comforting to me to know that I am safe in the very **shadow of His wings**. Think of it ... He is so powerful and holy, His **shadow** keeps me safe.

What does it truly mean to *hide in the shadow of His wings*? I was talking this over with God earlier this week. *What does hiding in the shadow of Your wings look like?* God's answer came to me: obedience. Obedience leads to protection; it is taking the truth of God's Word and acting on it. When I am obedient, I follow exactly in the footsteps of Jesus, so close that I walk in His very shadow... the **shadow of His wings**. When I am in the **shadow of His wings**, I can live my life boldly and courageously because I know my God has me covered.

What do we do when we are in the *shadow of His wings*? We continue to live, breath, serve, minister, fight, stand, pray, love, and rejoice.

Action Points:

1. What calamities are you facing right now? Are you hiding in the *shadow of His wings* or are you just hiding?
2. What steps of obedience do you need to take today?
3. Pray and ask God to help you access the strength and power He has already provided for your victory over this situation.

Life is sweet.

Mary Kane

Scripturegraphics: Tribulation to Glory by Mary Kane

As Christians, **tribulation** is a part of our daily walk upon this earth. Often we think because we are doing God's work we should be exempt from trials and **tribulation**. God does not want us to fear **tribulation**, but to walk through it knowing He will use it to produce great **glory**. How do we go from **tribulation to glory**? By the power and grace of God. 1 Thessalonians A Life of Faith, Part 1: Grace and Peace

Peace out. Peace on earth. Peace of mind.

What comes to your mind when you think of **peace**? According to www.globalissues.org, the world spends about \$2 trillion dollars every year to keep the peace. We only have to listen to the news for a few moments to realize that our **peace** plan is ineffective. A life of **peace** cannot be bought with earthly currency; it is only purchased through **faith** by the blood of Christ. The world continues to rage, and we continue to face hardships and challenges. But when we live a **life of faith**, God gives us His grace so we can live in **peace** with Him.

Boost Your Faith and Your Fitness in Seven Weeks

Sign Up Today!

Beloved, I pray that you may prosper in all things and be in health, just as your soul prospers. 3 John: 2

Have you ever wanted to step out in faith for a work you felt God was calling you to do yet felt that something was holding you back?

It can be frustrating trying to figure out what you're missing. Over the years Mary and I have discovered a few things that it takes to be an effective worker for God's kingdom.

Three Important Steps

1. **Availability.** God tells us in 2 Chronicles 16:9a "For the eyes of the Lord move to and fro throughout the earth that He may strongly support those whose heart is

completely His.” God is watching for people who are willing to be used so He can work through them. Mary and I realize the importance of watching for those opportunities that Jesus brings your way. That doesn’t mean you sign up for every opportunity, but for the ones God has prepared in advance for you to do. Knowing what those are takes ...

2. **Prayer.** Prayer should be the foundation for everything we do, including any new works we are considering. We need to pray that God will reveal whether we should be involved and that we will know how to proceed. I like to pray that God will open the doors I should walk through and close the ones I should not. It also helps to be in good ...
3. **Physical health.** As much as we can control it, we need to make wise choices concerning our **fitness** and **health** so that we aren’t limited when Jesus comes calling. Now that’s not to say He can’t use us if we have a chronic illness. What we’re thinking about here is protecting our physical health to the best of our ability by taking care of ourselves.

Seven-Week Online Bible Study/Fitness Challenge

We are excited to announce a 7-week **online Bible study and fitness challenge** called [Faith & Fit](#) that combines all of these things. Will this solve all your challenges? No, but it will jump-start you on the road to spiritual and physical health to help prepare you for what God has next in your life!

Here is what to expect: Every week we will follow a theme for that week, and you will receive two emails, one on Monday morning and one on Friday morning that contain the following:

- **Two Everyday Faith challenges** (a short video teaching and

scripture reading and study questions) and

- **Two Everyday Fit challenges** (a physical challenge and a food challenge)
- **Extra Faith** and **Extra Fit** options for those who have more time and want to integrate a **spiritual discipline** and a target fitness video.

How It Works

When you receive Monday's email, work on those challenges from Monday-Thursday. Early Friday morning you will receive the second email. Work on those challenges on Friday, Saturday, and Sunday. **Every Wednesday evening we will have a live Community Call on Talk Shoe to discuss the previous week's work.**

We'd love to have you join us in this study; as a matter of fact, you can [sign up right now](#). NOTE!! If you do not have a PayPal account you may still sign up by following these instructions:

1. Choose the option that says *Have a PayPal account?*
2. Ignore the email and PayPal password fields and hit the login button
3. After you hit the login button a new tab should pop up below that offers the option of paying with a credit or debit card or Bill Me Later.

In addition to the all the above, we'll also include some recipes that Mary and I have created made with healthy ingredients that taste good, because we think that good health should be fun too. Here's a sneak peek at one of the recipes to have as an occasional treat.

Tropical Sunrise Smoothie

1 cup yogurt (Greek or regular), plain
2 oranges, seeds removed
1/2 lemon juiced
1 banana sliced into chunks
2 wedges cantaloupe sliced into chunks
Coconut water as needed (look for this in cartons in the Gatorade aisle)
Ice cubes to your liking

Juice the lemon first and pour it in the blender. Add all the other ingredients and process until smooth. **Serves two.** (If you are diabetic, this recipe may be too high in sugar for you.)

You'll also have access to a private Facebook Faith & Fit page to post your workouts, share your successes and challenges, and share your prayer requests and encouragement.

What do you have to lose, except some bad habits? :) Grab your Mom, sister, friends, or yourself and [sign up today](#). We begin on **Monday, September 8**. Hope to see you there!

Jane

Faith & Fit: Week 1, Lesson 2

We are so glad you have joined us for Week 1, Lesson 2, on our journey to greater spiritual and physical health! Listed below is your Faith & Fit work for today. Please click on the links or the play buttons to access each resource. Remember to leave a comment about your experience at the Speak Your Mind section at the bottom of the page or on our [Facebook page](#). In Christ, we can grow stronger! Let's do it!

[Week 1, Lesson 2 Bible Study](#)

Everyday Fit Physical Challenge:

Simple Sustenance Lesson 2 For these seven weeks, we are going to focus on a simple exercise that almost everyone can do: **walking**. You can choose to walk indoors or outdoors. Weather permitting, my preference is to be outdoors enjoying the fresh air and sunshine (get that Vitamin D!). We will also give you options to supplement with some other types of exercise in Extra Fit for those who would like to. For those of you who prefer to walk indoors, you can use a treadmill, or I would recommend Leslie Sansone's Walking DVDs. Her DVDs are available for purchase in stores like Target and Walmart, on her website, for live streaming on Walk TV , and some for free on her site when you sign up (free) for her Walk Social Club. One fun way to track your walking is to use a **pedometer** and aim for a certain number of steps per day. The American Heart Association recommends 10,000 steps each day. We will work up to that. Ten thousand steps is approximately 5 miles, but that is based on an average stride being 2.5 feet. Your total may differ from that based on the length of your stride.

Pedometers can be found in just about any sports or discount store and range in price from about \$10 to \$125 for more elaborate ones with additional features. I use a Fitbit to track my steps each day. It also tracks flights of stairs climbed, calories burned, miles walked, hours slept, and the time. It also allows me to set a silent, vibrating alarm. It syncs with an website, which includes many more features. ***Update. After destroying two Fitbits in water, I switched to the Misfit Shine.** It operates differently than the Fitbit in that it takes into account other exercise than walking toward

reaching your goal. It also tracks cycling, soccer, tennis, and swimming, basketball, and sleeping.

Basic Walking Guidelines Begin your walk with a warm up. This basically means start walking slowly for a few minutes, giving your body time to warm up. Save any stretching for the end of your walk, as you should not stretch cold muscles. If you have body parts that are very tense and need to be stretched before your main walk, do your warm-up first and then stretch them. You should also still follow your walk with a stretch at the end. The Walking Site has some wonderful stretches for walkers, and here is a link to their [stretching page](#). As you are walking, walk tall, pull in your stomach and tighten your bottom. When you have finished your exercise for the day, be sure to let the Faith and Fit group know by posting on our Facebook page. Great job!

Beginner Level Exercise:

For Day 2 we will again set the goal of walking 1/2 mile or the rough equivalent of 1000 steps. If you wear a pedometer all day long, this is in addition to the total that is already showing on your pedometer. So, when it is time to log your walk, check your pedometer and note how many steps/miles you have already walked that day. Add 1000 steps or 1/2 mile to that total and begin walking. When you get to that total you may stop. If you are fairly fit and would rather choose the goal of one mile, then aim for 2000 steps on your pedometer or another 1 mile on the total: [Walking Program](#) Need an indoor exercise routine? Here's a Leslie Sansone 1-mile walking video!

Experienced Level: Today, make it your goal to walk or ride your bike for 45 minutes. Exercise at a pace you are comfortable with and are able to carry on a conversation. By

the end of your walk/ride you should be sweaty and tired but not exhausted. As always, check with your doctor before beginning any physical workout to be sure you are up for the challenge!

Rainy day? Don't fret! Click on the link below for a challenging indoor work out with Leslie Sansone!

[4 Fast Miles!](#)

Everyday Fit Food Challenge

Simple Sustenance Today we're going to concentrate on salads. Autumn is a wonderful time to make a salad because there is so much fresh produce around – either from a farmer's market or your own garden. Did you know that greens are a cool weather crop? They love to grow in cool weather, so fall is the perfect time to plant lettuces, spinach, kale, and other kinds of greens.

If you don't already have a plot dug up and ready to go, get a pot, fill it with potting soil, and plant your seeds in that. Looking for a fast, and I mean FAST turnaround? Plant micro green seeds. You can plant and harvest these little gems in just 5-10 DAYS! They will even grow indoors in the winter. I love these and plant them in my garden.

Just in case you're lacking for ideas in the salad department, here's a link with [101 recipes for salads](#). Some of them are very creative. So, munch away!

Extra Faith:

Need a little extra **spiritual challenge** added to your day? Take advantage of the following resources!

As we continue this week with the Simple Sustenance theme, it's important for us to become clear on our priorities in life. Mary helps us do that with the following post. Take some time to work through the questions she poses in this devotion.

[Follow with All of Your Heart](#)

Extra Fit

Need an extra challenge? Get your abs in shape with Team Beachbody Coach and Founder of Team Let's Go Fitness at Dan Vukmirovich. Dan's videos are short, effective and productive!

Let's go!

As a bonus we are offering Dan's Mind Body Spirit Challenge! Let's go!

Don't forget to post below or on our [Facebook page](#) any questions, workout information, recipes, prayer requests, and encouragement to others. Please introduce yourself.

Blessings and congratulations on Week 1, Lesson 2!

Great job today! See you next week!
