

Pray for Iraqi Christians

If you have been following the international news over the past few weeks, you may have seen how our Christian brothers and sisters in **Iraq** are suffering terribly at the hands of the terrorist group ISIS. Men, women, and children are being murdered mercilessly by this group. I've included a video and some sources that you can use to keep up with this current situation and other persecuted groups too.

At Only By Prayer, we'd like to request that you intercede for the Iraqi Christians. We need to pray for protection, for the **persecution** to stop, and for justice to be served. If you feel led, please share your prayer in the comment section below

Pray on!
