

# Is There an App for That? by Mary Kane

“Jane—is there an app for that?”

I called to my sister from her guest room while she was tidying up her office across the hall. We had just returned from the **Proverbs 31** She Speaks conference and were brain-storming on how to apply what we had learned to our lives and ministries.

During one of my sessions the facilitator encouraged me to use a notebook to organize my writing ideas. I thought a computer would be more efficient than a notebook, so I asked my tech-savvy sister if there was such thing as a writer’s app.

Jane answered, “Yes, there is a writing organizer app for your Mac, but they also have **apps** for your Kindle.” My Kindle? I purchased a Kindle a few months ago and instantly became a Kindle fan. When I bought my e-reader, however, I thought it was only for reading books. I did not know that I could use my Kindle for other things such as watching movies, making voice recordings, searching the Internet or editing documents. I looked with new respect at the intricate little instrument sitting next to me on my bed. I wondered how many others untapped powers and abilities were hidden behind its glossy black screen. Abruptly I felt my heart quicken as the Holy Spirit nudged my soul. “This is how people often live life ... using only one *app* ... John 3:16.”

The wheels began turning in my mind as I thought through what God was revealing to me. We *app*-ly John 3:16 to our hearts and get saved, but some never move on to live the abundant life. The John 3:16 *app* is just the beginning. Sadly, many Christians remain unaware of the powerful potential that is

hidden within God's *app store*, the Bible.

God has countless *apps*. In fact, God has an *app* for every need. For instance, if you have blown it big time, download **Evergrace** at Ephesians 1:7. Perhaps you feel lonely and need a little fellowship—purchase the *app* **Faceinthebook** at 1 John 1:3 and start interacting with social media. Maybe you are low on faith—try **TheWord 2008**, which must be directly downloaded to your heart from Romans 10:17. The best thing about God's *apps* is they are free! (Save your coins for your tithe!)

What great need do you have today? Go to God's *app store* (the Bible), and download an *app* (a verse) to your heart. Please remember—God's *apps* are meant to be *app*-lied to your life. The more *apps* you download, the more you'll realize there's no limit to what God can do!
