If you like handcrafted items and you live in Central Indiana, you'll want to come check out the Nickel Plate Arts 2018 Maker Faire Saturday, June 16, in Noblesville, Indiana.

The faire will be held at historic Noblesville Square from 11 a.m. to 5 p.m. and features local artisans and makers. St. Michael's Strawberry Festival will be going on at the same

time, so enjoy strawberry shortcake ☐while you're perusing the booths.

I will have a booth at the faire and am excited to meet lots of people at this fun event.
