

Threshing by Mary Kane

Right now in Michigan, spring is in the air—the trees are budding, the birds are brooding and the flowers are blooming. Everyone anticipates feasting on the fruit of the fields, but in order to enjoy the benefits of the harvest, the grain must first be threshed. As a matter of fact in order to grow in our relationship with God, we must be threshed as well. To do the Bible study *Threshing*, please click on the link.
