Do you ever get spiritual amnesia? Every once in a while I do. When this condition comes upon me, Satan is usually on the spot, trying to convince me of who *I was*. God is not about who *I was*, He is about who *I am*. I need to find out who I am from the GREAT I AM. Whenever you are struggling with spiritual amnesia, please listen to this list podcast. The enemy will flee at the sound of His great Name!
